

HOME SCIENCE SCHEME OF WORK GRADE 4 TERM ONE

Week	Lesson	Strand/Theme	Sub strand	Specific learning outcomes	Key inquiry Questions	Learning experiences	Learning Resources	Assessment methods	Reflection
1		Opening and Preparations							
2	1	Healthy Practices	Play	By the end of the sub strand, the learner should be able to: a) name the various needs of a child for healthy development b) identify different games played in the locality	<ol style="list-style-type: none"> 1. What are the needs of a child for healthy development? 2. Which play items within your locality are suitable for a child? 3. What are the qualities of a good play item for a child? 4. Which are the common accidents that occur during play among children? 5. What security challenges occur during play? 	<ul style="list-style-type: none"> • Learners name the needs of a child for healthy development (food, shelter, clothing, play and rest) using digital resources (pictures, video clips and audios), charts, realia • Learners share experiences on the different games played in their locality 	Digital resources, Charts, realia, reference books		
	2		Play	c) identify play items for a child	<ol style="list-style-type: none"> 1. What are the needs of a child for healthy development? 2. Which play items within your locality are suitable for a child? 3. What are the qualities of a good play item for a child? 4. Which are the common accidents that occur during play among children? 5. What security challenges occur during play? 	<ul style="list-style-type: none"> • Learners are guided to identify play items in their environment using digital resources, charts and realia, • In groups, learners discuss qualities of a play items 	Digital resources, Charts, realia, reference books		

	3			Play	d) list qualities to look for when choosing suitable play items for a child	<ol style="list-style-type: none"> 1. What are the needs of a child for healthy development? 2. Which play items within your locality are suitable for a child? 3. What are the qualities of a good play item for a child? 4. Which are the common accidents that occur during play among children? 5. What security challenges occur during play? 	<ul style="list-style-type: none"> • In groups, learners make a play item using locally available materials Using video clips, stories, charts and pictures, Learners discuss safety during play • Using video clips and stories learners share experiences on issues to do with security of children during play 	Digital resources, Charts, realia, reference books		
3	1			Play	e) make a play item using locally available materials f) care for the play items for the safety of the child	<ol style="list-style-type: none"> 1. What are the needs of a child for healthy development? 2. Which play items within your locality are suitable for a child? 3. What are the qualities of a good play item for a child? 4. Which are the common accidents that occur during play among children? 5. What security challenges occur during play? 	<ul style="list-style-type: none"> • Watch video clip on security issues of children during play • Learners play and observe safety during play 	Digital resources, Charts, realia, reference books		
	2			Play	g) appreciate the importance of rest after play	<ol style="list-style-type: none"> 1. What are the needs of a child for healthy development? 2. Which play items within your locality are suitable for a child? 3. What are the qualities of a good play item for a child? 4. Which are the common accidents that occur during play among children? 5. What security challenges occur during play? 	<ul style="list-style-type: none"> • Watch video clip on security issues of children during play • Learners play and observe safety during play 	Digital resources, Charts, realia, reference books		
	3	Healthy Living	Common illness in the society	By the end of the sub strand, the learner should be able to: a) identify common illnesses in the locality b) communicate when feeling unwell to others	<ol style="list-style-type: none"> 1. What causes illness? 2. How can you tell that you are unwell? 3. What measures should you take to prevent common illnesses in your locality? 	<ul style="list-style-type: none"> • Learners share experiences on incidences when they were unwell (pain, stomachache, headache, feeling hot or cold.) • Learners role play on how to communicate with others when feeling unwell 	Video clips, health posters, resource person			

4	1		Common illness in the society	By the end of the sub strand, the learner should be able to: a) identify common illnesses in the locality b) communicate when feeling unwell to others	1. What causes illness? 2. How can you tell that you are unwell? 3. What measures should you take to prevent common illnesses in your locality?	<ul style="list-style-type: none"> Learners watch video clips, pictures and charts on what causes feeling unwell In groups, learners discuss the causes of common illness in their locality (coughs, colds, Ear ache, sore throat, vomiting, diarrhoea), 	Video clips, health posters, resource person		
	2		Common illness in the society	c) identify the causes of common illnesses in the locality d) identify healthy practices that prevent illnesses in the locality	1. What causes illness? 2. How can you tell that you are unwell? 3. What measures should you take to prevent common illnesses in your locality?	<ul style="list-style-type: none"> Learners identify healthy practices that prevent feeling unwell from pictures, charts, health documentaries, health posters (washing hands, using a handkerchief, covering the mouth when coughing, wearing shoes, washing raw vegetables and fruits, drinking clean water, using clean cutlery) 	Video clips, health posters, resource person		
	3		Common illness in the society	e) practice healthy measures that prevent illnesses in the locality f) appreciate the importance of healthy practices in promoting good health in the locality	1. What causes illness? 2. How can you tell that you are unwell? 3. What measures should you take to prevent common illnesses in your locality?	<ul style="list-style-type: none"> In groups, learners use the pictures, health documentaries and health posters to guide discussion on healthy measures to prevent illness in the locality 	Video clips, health posters, resource person		
5	1		Common illness in the society	e) practice healthy measures that prevent illnesses in the locality f) appreciate the importance of healthy practices in promoting good health in the locality	1. What causes illness? 2. How can you tell that you are unwell? 3. What measures should you take to prevent common illnesses in your locality?	<ul style="list-style-type: none"> Learners watch demonstrations, video clips, observe pictures and charts on measures to prevent illness in the locality 	Video clips, health posters, resource person		
	2		Care of the home		What materials and tools do we use to clean our home?	<ul style="list-style-type: none"> In groups, learners discuss improvisation of cleaning materials and tools made from locally available resources. Learners practice safety when making improvised cleaning materials and tools from locally available resources 	Realia, pictures, cleaning materials.		
	3		Care of the home			<ul style="list-style-type: none"> In groups, learners discuss improvisation of cleaning materials and tools made from locally available resources. Learners practice safety when making improvised cleaning materials and tools from locally available resources 	Realia, pictures, cleaning materials.		

6	1		Care of the home			<ul style="list-style-type: none"> In groups, learners discuss procedures of cleaning the home (sweeping, mopping, dusting and disposal of refuse) Learners clean using various procedures (dusting, mopping, sweeping, disposal of refuse) 	Realia, pictures, cleaning materials.		
	2		Care of the home				Realia, pictures, cleaning materials.		
	3		Care of the home			<ul style="list-style-type: none"> Learners practice safety when carrying out cleaning activities in the home Learners clean and store cleaning materials and tools used at home 	Realia, pictures, cleaning materials.		
7	1		Care of the home			<ul style="list-style-type: none"> Learners practice safety when carrying out cleaning activities in the home Learners clean and store cleaning materials and tools used at home 	Realia, pictures, cleaning materials.		
	2		Care of the home			<ul style="list-style-type: none"> Learners practice safety when carrying out cleaning activities in the home Learners clean and store cleaning materials and tools used at home 	Realia, pictures, cleaning materials.		
	3		Care and cleaning of shoes	By the end of the lesson the learner should be able to:	What are the materials used for making different types of shoes? How do you clean shoes made from different materials?		Pictures, charts, plastic, leather and canvas shoes, cleaning materials		
8	1		Care and cleaning of shoes	By the end of the lesson the learner should be able to:	What are the materials used for making different types of shoes? How do you clean shoes made		Pictures, charts, plastic, leather and canvas shoes, cleaning materials		

					from different materials?				
	2		Care and cleaning of shoes	c) describe the procedure of cleaning different types of shoes d) clean shoes made from different types of materials	What are the materials used for making different types of shoes? How do you clean shoes made from different materials?		Pictures, charts, plastic, leather and canvas shoes, cleaning materials		
	3		Care and cleaning of shoes	c) describe the procedure of cleaning different types of shoes d) clean shoes made from different types of materials	What are the materials used for making different types of shoes? How do you clean shoes made from different materials?		Pictures, charts, plastic, leather and canvas shoes, cleaning materials		
9	1		Care and cleaning of shoes	e) practice safety when cleaning different types of shoes f) clean and store materials used for cleaning different types of shoes	What are the materials used for making different types of shoes? How do you clean shoes made		Pictures, charts, plastic, leather and canvas shoes, cleaning materials		

					from different materials?	<ul style="list-style-type: none"> In pairs, learners discuss materials used for cleaning different types of shoes In groups, learners explain the procedure of cleaning different types of shoes Learners watch video clips or demonstration on cleaning different types of shoes Learners clean and store materials after cleaning shoes made from different materials (scrubbing brush, soft cloth, soap, etc.) 			
	2		Care and cleaning of shoes	e) practice safety when cleaning different types of shoes f) clean and store materials used for cleaning different types of shoes	What are the materials used for making different types of shoes? How do you clean shoes made from different materials?	<ul style="list-style-type: none"> Learners practice safety when cleaning different types of shoes Learners keep a daily log showing how often they clean their shoes Learner stores the cleaned shoes made from different types of materials In pairs, learners discuss materials used for cleaning different types of shoes 	Pictures, charts, plastic, leather and canvas shoes, cleaning materials		
	3		Care and cleaning of shoes	g) appreciate the importance of wearing clean shoes	What are the materials used for making different types of shoes? How do you clean shoes made from different materials?	<ul style="list-style-type: none"> In groups, learners explain the procedure of cleaning different types of shoes Learners watch video clips or demonstration on cleaning different types of shoes Learners clean and store materials after cleaning shoes made from different materials (scrubbing brush, soft cloth, soap, etc.) Learners practice safety when cleaning different types of shoes Learners keep a daily log showing how often they clean their shoes Learner stores the cleaned shoes made from different types of materials 	Pictures, charts, plastic, leather and canvas shoes, cleaning materials		
10	1		Care and cleaning of shoes	g) appreciate the importance of wearing clean shoes	What are the materials used for making different types of shoes? How do you clean shoes made from different materials?	<ul style="list-style-type: none"> In pairs, learners discuss materials used for cleaning different types of shoes In groups, learners explain the procedure of cleaning different types of shoes Learners watch video clips or demonstration on cleaning different types of shoes Learners clean and store materials after cleaning shoes made from different materials (scrubbing brush, soft cloth, soap, etc.) Learners practice safety when cleaning different types of shoes Learners keep a daily log showing how often they clean their shoes Learner stores the cleaned shoes made from different types of materials 	Pictures, charts, plastic, leather and canvas shoes, cleaning materials		
	2		Fuels used at home				Charts, pictures, types of fuel		

				By the end of the sub strand, the learner should be able to:					
	3		Fuels used at home	a) identify types of fuels used at home b) state reasons for using various types of fuel at home c) use and conserve fuels used at home d) practice safety when using fuels e) state the challenges faced when using different types of fuel at home f) appreciate the importance of conserving fuel at home		<ul style="list-style-type: none"> Learners identify types of fuel used at home (electricity, charcoal, wood, gas, paraffin) using charts, pictures, video clips and realia In groups, learners discuss reasons for using various types of fuel at home (cooking, heating, lighting) 	Charts, pictures, types of fuel		
11	1		Fuels used at home	By the end of the sub strand, the learner should be able to:	1. Which types of fuel are available in your locality?	<ul style="list-style-type: none"> In groups, learners practice using different types of fuel In groups, learners discuss ways of conserving fuel at home 	Charts, pictures, types of fuel		
	2		Fuels used at home	a) identify types of fuels used at home b) state reasons for using various types of fuel at home c) use and conserve fuels used at home d) practice safety when using fuels e) state the challenges faced when using different types of fuel at home f) appreciate the importance of conserving fuel at home	2. How do you conserve fuel at home?	<ul style="list-style-type: none"> In groups, learners practice using different types of fuel In groups, learners discuss ways of conserving fuel at home 	Charts, pictures, types of fuel		
	3		Fuels used at home		3. How do you ensure safety while using fuel at home?	<ul style="list-style-type: none"> Learners watch a video clip or demonstration using different types of fuel at home In groups, learners discuss the challenges faced when using different types of fuel at home 	Charts, pictures, types of fuel		
					4. What are the challenges you are likely to face when using different types of fuel at home?				
12	1		Fuels used at home		1. Which types of fuel are available in your locality?	<ul style="list-style-type: none"> Learners watch a video clip or demonstration using different types of fuel at home In groups, learners discuss the challenges faced when using different types of fuel at home 	Charts, pictures, types of fuel		
					2. How do you conserve fuel at home?				
					3. How do you ensure safety while using fuel at home?				
					4. What are the challenges you are likely to face when using different types of fuel at home?				
	2		Fuels used at home			<ul style="list-style-type: none"> Learners role play safety precautions to be observed while using fuel at home 	Charts, pictures, types of fuel		

3			Fuels used at home		<ol style="list-style-type: none"> 1. Which types of fuel are available in your locality? 2. How do you conserve fuel at home? 3. How do you ensure safety while using fuel at home? 4. What are the challenges you are likely to face when using different types of fuel at home? 	<ul style="list-style-type: none"> ▪ Learners role play safety precautions to be observed while using fuel at home 	Charts, pictures, types of fuel		
13-14		End of term Assessment and Closing
